

Personal Budgets

Any pupil with an EHC Plan (effective from 1st September 2014) may be allocated a “Personal Budget”. The school can contribute to this personal budget up to the amount of money allocated through the “High Tariff Need” funding system. They cannot be expected to allocate more than this budget and if money is allocated it may mean the withdrawal of other in school provision or support it is currently being used to fund. For a child with a significant need this budget could also come through the Health or Social Care Systems.
